

In This Town... Huss, Huss, Huss

Daksh Gohil

At midnight in Huss Valley, the rain never stops.
HUSS VALLEY
And tonight, the midnight bell will decide the town's fate.

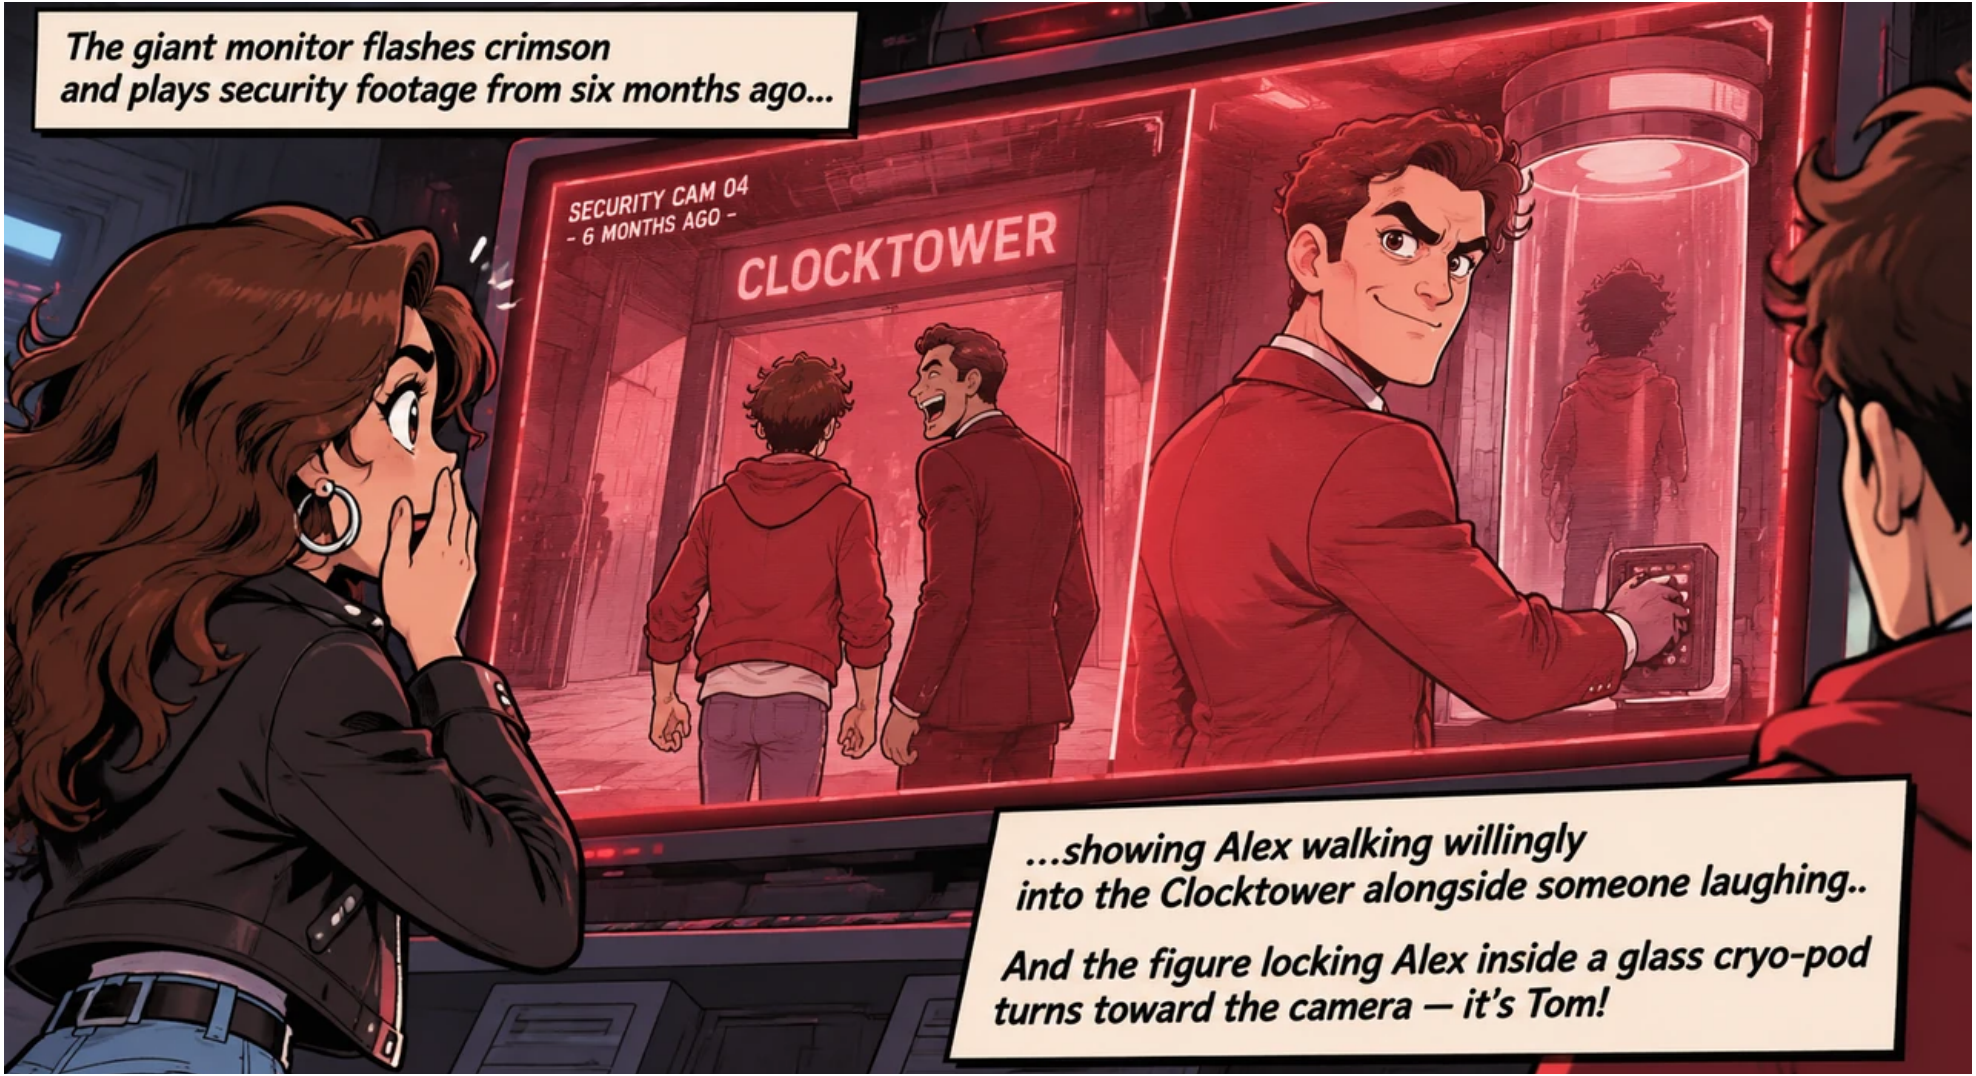

Midnight is nearly here, and John will throw you into the Huss Pit if you stand still!
My brother Alex followed every rule and disappeared six months ago.
I refuse to move for anyone tonight.

As the town clock strikes twelve, a deep, hypnotic bass drop vibrates through the thick fog.
Dozens of townspeople step onto their porches in eerie unison, swaying and whispering in a synchronized trance.
DONG!
Blinding headlights suddenly cut through the alley as a black armored SUV screeches to a halt.

Nice suit, John. But what happened to Alex?
Seize her.

Maya moves with lightning speed, turning the odds in her favor.
Under a shower of sparks, she flips John and snatches the golden keycard.
Another victory for Maya!

Maya and Tom sprint into the Clocktower's control room, where the town's hypnotic frequency pulses with neon energy.
SHUTTING DOWN MAIN SERVER...
With tears in her eyes, Maya plugs a golden keycard into the main console to shut down the server, break the trance, and find Alex.

The giant monitor flashes crimson and plays security footage from six months ago...
SECURITY CAM 04
- 6 MONTHS AGO -
CLOCKTOWER
...showing Alex walking willingly into the Clocktower alongside someone laughing..
And the figure locking Alex inside a glass cryo-pod turns toward the camera — it's Tom!

Huss Valley was engineered to harvest kinetic energy from the townspeople's rhythmic movements.
Alex was locked away after uncovering the truth."
Tom's hired security, John, stood watchfully as Tom revealed the truth.

Operation Override
The plan is in motion.
Contain the breach.
Prepare for impact.
Target: Maya
Status: Active
Priority: Critical

MAYA PRESSES THE BUTTON ON THE REMOTE, SHAKING THE CLOCKTOWER AS THE PURPLE SKY OUTSIDE ERUPTS INTO BLINDING GOLD AND THE TOWNSPEOPLE SNAP OUT OF THEIR TRANCE, TURNING TOWARD THE TOWER WITH GLOWING EYES.
WITH THE CRYO-PODS UNLOCKED, ALEX WALKING FREE, MAYA SPINS AROUND IN THE MAIN CONTROL CHAIR WITH A TRIUMPHANT GRIN, READY TO TUN HUSS VALLEY UNDER NEW MANAGEMENT.
