Momo's Missing Parts

Teodor Boykov Stoyanov

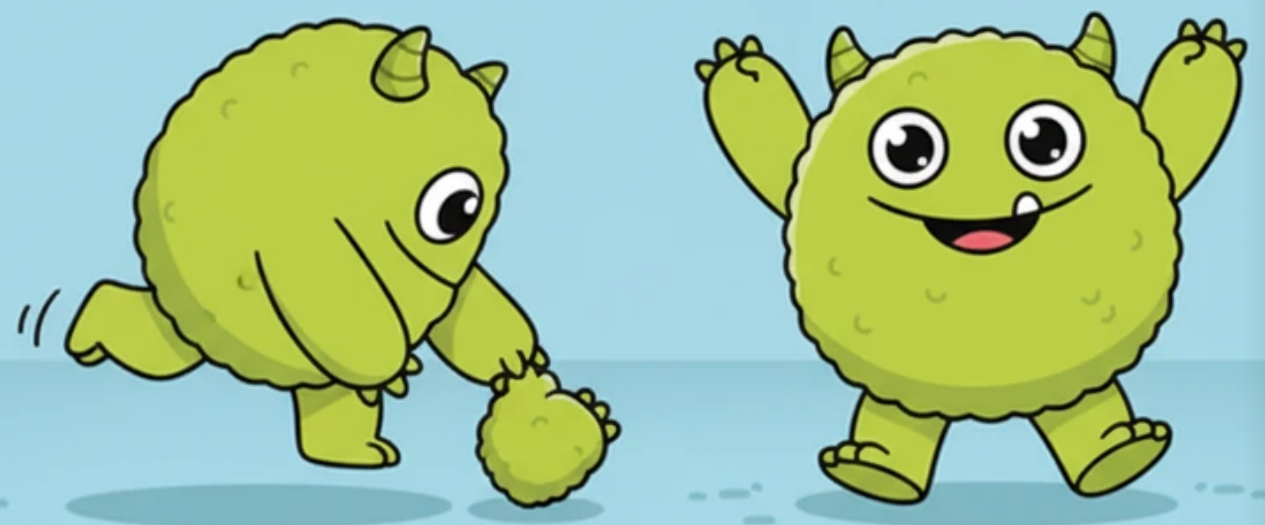

Momo the Monster is a friendly green friend with big round eyes and a fluffy body. Oh no! His pink cheek has fallen off and is sitting on the floor nearby. Momo looks surprised and asks for help to find it, then smiles happily as he puts his cheek back where it belongs.

MOMO'S HAPPY PLACE

Momo is showing off a big grin, but he realizes one white tooth is missing from his smile! He looks around the plain, bright room and spots the tooth on the ground. He picks it up and puts it back in his mouth so he can smile perfectly again.

Momo is balancing and hopping on just one leg because he lost his green, fluffy foot! He looks down and sees his foot resting on the floor. Momo reaches out, grabs his foot, and stands tall on both feet with his arms raised in a happy cheer.

Momo looks at his body and notices that one of his shoulders is gone! He finds the missing shoulder piece nearby on the soft pastel background and snaps it back into place. Now Momo can lift both of his arms high to show how happy he is.

HAPPY BIRTHDAY!

MOMO THE MONSTER

Oh dear, Momo is missing his chin and a small finger too! He looks a bit worried as he searches the clean floor for his missing parts. He quickly finds both the chin and the finger, putting them back where they belong with a relieved and silly expression.

Momo is now completely whole and looks very happy in a bright, cheerful setting. He points to his cheek, tooth, foot, shoulder, chin, and finger to show that everything is back in place. Momo waves a big, friendly goodbye to his friend for helping him today.
