Milo's Creations

My workshop
is the best!

Oh no!
A fallen nest!

Milo had a wonderful idea!
He began collecting
leaves, twigs, and moss.

Milo wove twigs and leaves.

**A beautiful
new home!**

Milo climbed a sturdy tree, holding the new nest with care. He found a safe, strong branch and nestled the new home securely against the leaves. It looked perfect.

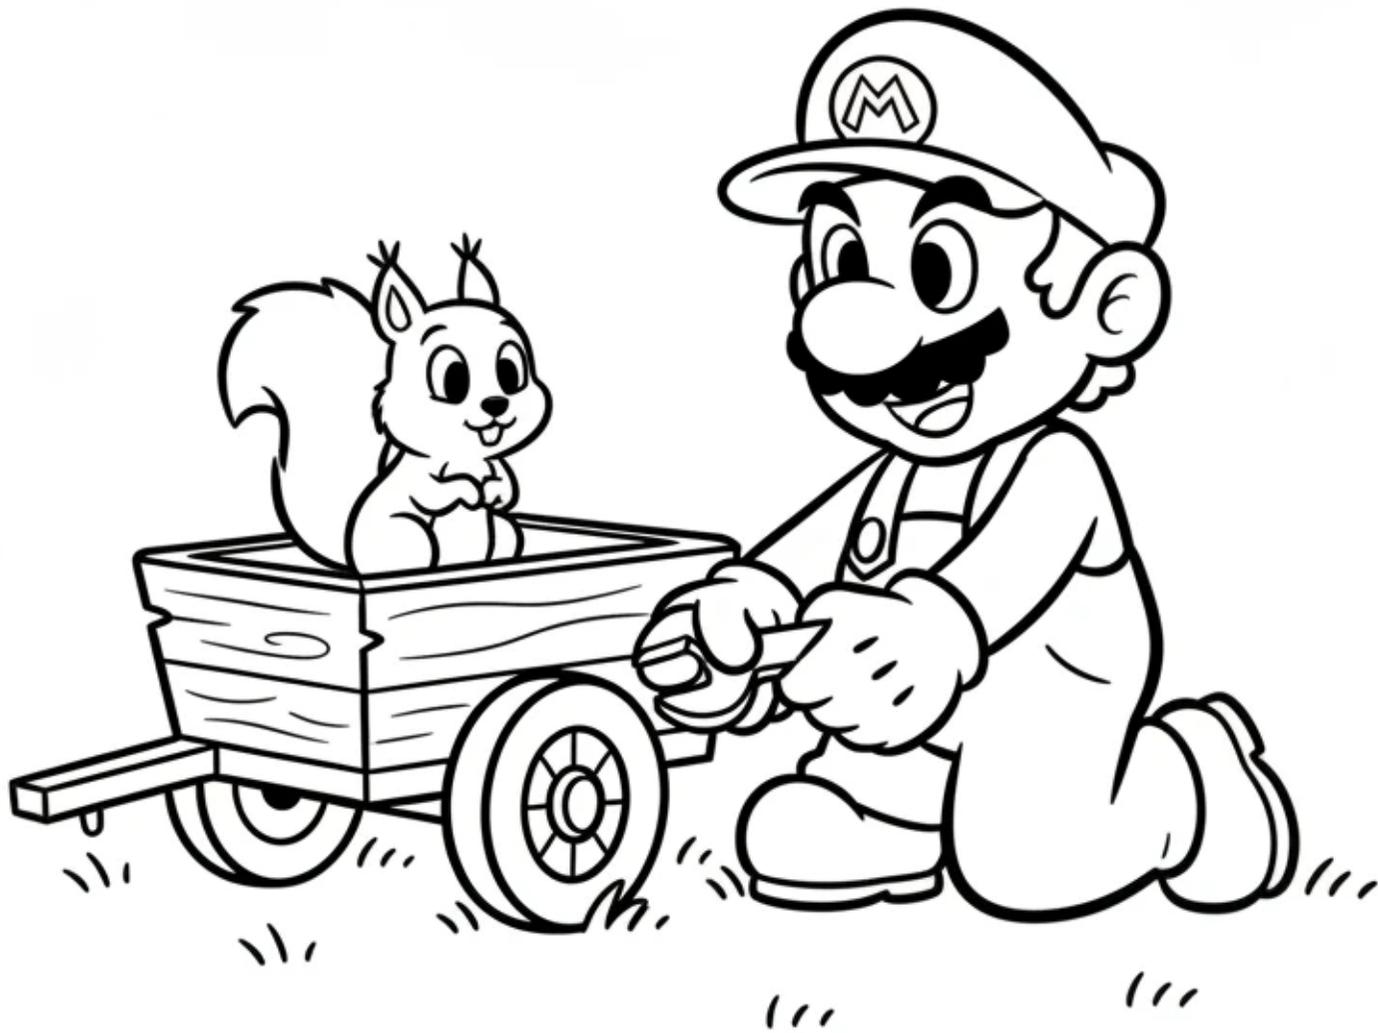

Hmm... I can fix that!

Oh, dear!
My wheel!

**Milo tightened the cart's wobbly wheel.
Now it was strong and steady!**

The squirrel chattered happily, and the little bird sang a sweet song. The rabbit All the forest friends gathered around Milo, showing your gratitude.

**Milo smiled a big, warm smile.
His heart felt full and happy,
knowing had made a difference.
Helping others was the best feest
feeling of all.**
