

Leo's Wonderful Restaurant Adventure

divya pal

Leo and his family are preparing to go to a restaurant for dinner. Before leaving home, Leo looks at picture cards of the restaurant so he knows what to expect, helping his mind feel calm, prepared, and excited.

When they arrive at the cozy restaurant, the host greets them with a gentle smile and asks them to wait a short moment for a table. Leo takes a slow, deep breath and holds his soft fidget toy while standing quietly beside his mom.

The host guides Leo's family to a comfortable booth near a quiet corner of the dining room. Leo sits down on the smooth cushion and notices the soft clinking of plates and cheerful background chatter around the room.

The restaurant sounds a little louder now, so Leo slips on his cozy noise-canceling headphones. The warm lights and delicious aromas feel much nicer as he relaxes comfortably in his seat.

Leo opens the menu to find his favorite meals pictured clearly on the pages. He points to a delicious plate of pasta and shows his choice proudly to his dad.

A friendly server wearing a cheerful apron comes to their table to take their order. Leo practices saying pasta please in his comfortable voice, and the server nods with a warm, encouraging smile.

While waiting for the food to be prepared in the kitchen, Leo sits calmly at the table. He pulls out his favorite coloring book and draws a bright blue car while waiting patiently.

The server gently sets down a warm plate of pasta in front of Leo, along with a cool glass of water. Leo uses his fork to take careful bites, enjoying the delicious flavors and comfortable textures.

After finishing his tasty meal, Leo wipes his mouth gently with a paper napkin. His dad pays the bill while Leo gives a polite wave and says thank you to their server.

Walking hand-in-hand with his parents out the front door, Leo feels proud and happy about his successful dinner outing. Going to a restaurant was a smooth adventure, and he looks forward to his next visit.
