Toby's Tidy Day

Lavina San

Toby wakes up in his messy bedroom. Toys are scattered on the floor, and books are piled on his bed.

Toby stretches and yawns. He decides to start his day by picking up his toys. He carefully places them in his toy box.

Next, Toby sees his books are all over his bed. He stacks them neatly on his bookshelf. The room is already looking better!

Toby goes to the kitchen. His mom asks him to wipe the table after breakfast. He grabs a cloth and cleans it thoroughly.

After wiping the table, Toby helps load the dishwasher. He puts the plates and cups inside, one by one.

Toby's dog, Buster, made a mess in the living room! Toby sweeps the floor carefully, gathering all the dust and crumbs.

Toby finds his clothes scattered around the bathroom. He folds his shirts and pants, placing them neatly in the laundry basket.

Now, Toby waters the plants in the sunroom. He gives each plant just enough water to help them grow.

Toby's dad asks him to take out the trash. He carries the bag outside to the bin, feeling proud of his helpfulness.

Finally, Toby's house is clean and tidy! He sits down with a book, feeling happy and relaxed in his clean home.
