

Molly's Magic Square Adventure

SONIA DUPAGAN

Early one sunny morning, Molly the Mouse peeked out her square window. The bright morning light filled her cozy bedroom as she smiled, excited for a new day.

Molly walked to the kitchen to enjoy a sweet breakfast. She poured a cool glass of milk and placed 2 warm blueberry muffins onto 2 blue square plates.

Before stepping outside, Molly pulled on 2 cozy pink mittens. She packed her favorite square lunchbox and stepped out the door with a happy squeak.

Molly marched down the meadow path to meet her best friend, Monty the Monkey. Monty waved happily while holding 2 bright yellow square balloons high in the air.

Along the grassy trail, the two friends discovered a mysterious treasure map. The map was folded into a neat square and decorated with 2 shiny silver stars.

Molly and Monty made cheerful music together as they followed the path past 2 tall mountains. They sang a silly melody and skipped happily side by side.

At the end of the trail, they spotted a magic chest shaped like a big wooden square. It took 2 strong friends working together to lift the heavy lid.

Inside the square box, they found 2 shiny mirrors and 2 juicy ripe mangoes. They giggled with joy over their magnificent discovery.

As dusk began to fall, the 2 happy friends carried a glowing square lantern back home. The golden light guided their steps down the mountain trail.

Back in her cozy bed, Molly curled up under the soft blanket and looked out at the glowing moon. She closed her eyes, dreaming about 2 grand adventures and her favorite square treasures.
