Santa's Summer Surprise

백건 성

Leo builds a giant sandcastle on a sparkling beach under the golden summer sun. He looks out at the turquoise ocean, wishing for a bit of winter magic to cool down the hot July day.

A bright red surfboard with white fluffy trim and gold stars washes up on the sandy shore. It radiates a soft, magical glow and stays icy cold even in the heat of the afternoon.

A jolly man with a long, snowy white beard and twinkling eyes walks out of the ocean waves. He wears a vibrant Hawaiian shirt decorated with tiny reindeer and palm trees, carrying a pair of colorful sunglasses.

It is Santa Claus, enjoying his summer vacation in bright red swim trunks and yellow flip-flops. He laughs a deep, merry laugh that sounds like bells ringing across the warm beach.

Santa sits with Leo under a striped umbrella and opens a magical cooler filled with endless ice cream treats. He tells stories of his secret summer workshop where the elves make kites and surfboards.

Santa whistles a cheerful tune, and a wooden boat shaped like a sleigh appears, pulled by a team of friendly dolphins. The dolphins jump through the waves, wearing shimmering harnesses that sparkle in the sunlight.

Leo joins Santa on the magical boat to help deliver special summer gifts to all the children on the coast. They throw enchanted beach balls and cooling misting fans to everyone playing in the sand.

They glide across the water, leaving a trail of sparkling sea foam and cool breezes behind them. The children on the beach cheer and wave as they see the surfing Santa and his helpful friend zip by.

As the sun begins to set, painting the sky in beautiful shades of purple and gold, Santa gives Leo a magical glowing seashell. He tells Leo that whenever he misses the holiday spirit, he can listen to the shell to hear snowy carols.

Santa waves goodbye and paddles his red surfboard back into the deep blue ocean as the first stars appear. Leo stands on the shore holding his seashell, knowing that the magic of Santa is with him all year round.
