## Scene 1: Roscoe Rex wakes up!

Roscoe steps outside,  
blinking at the bright green  
forest.

But I feel  
little bit alone  
today.

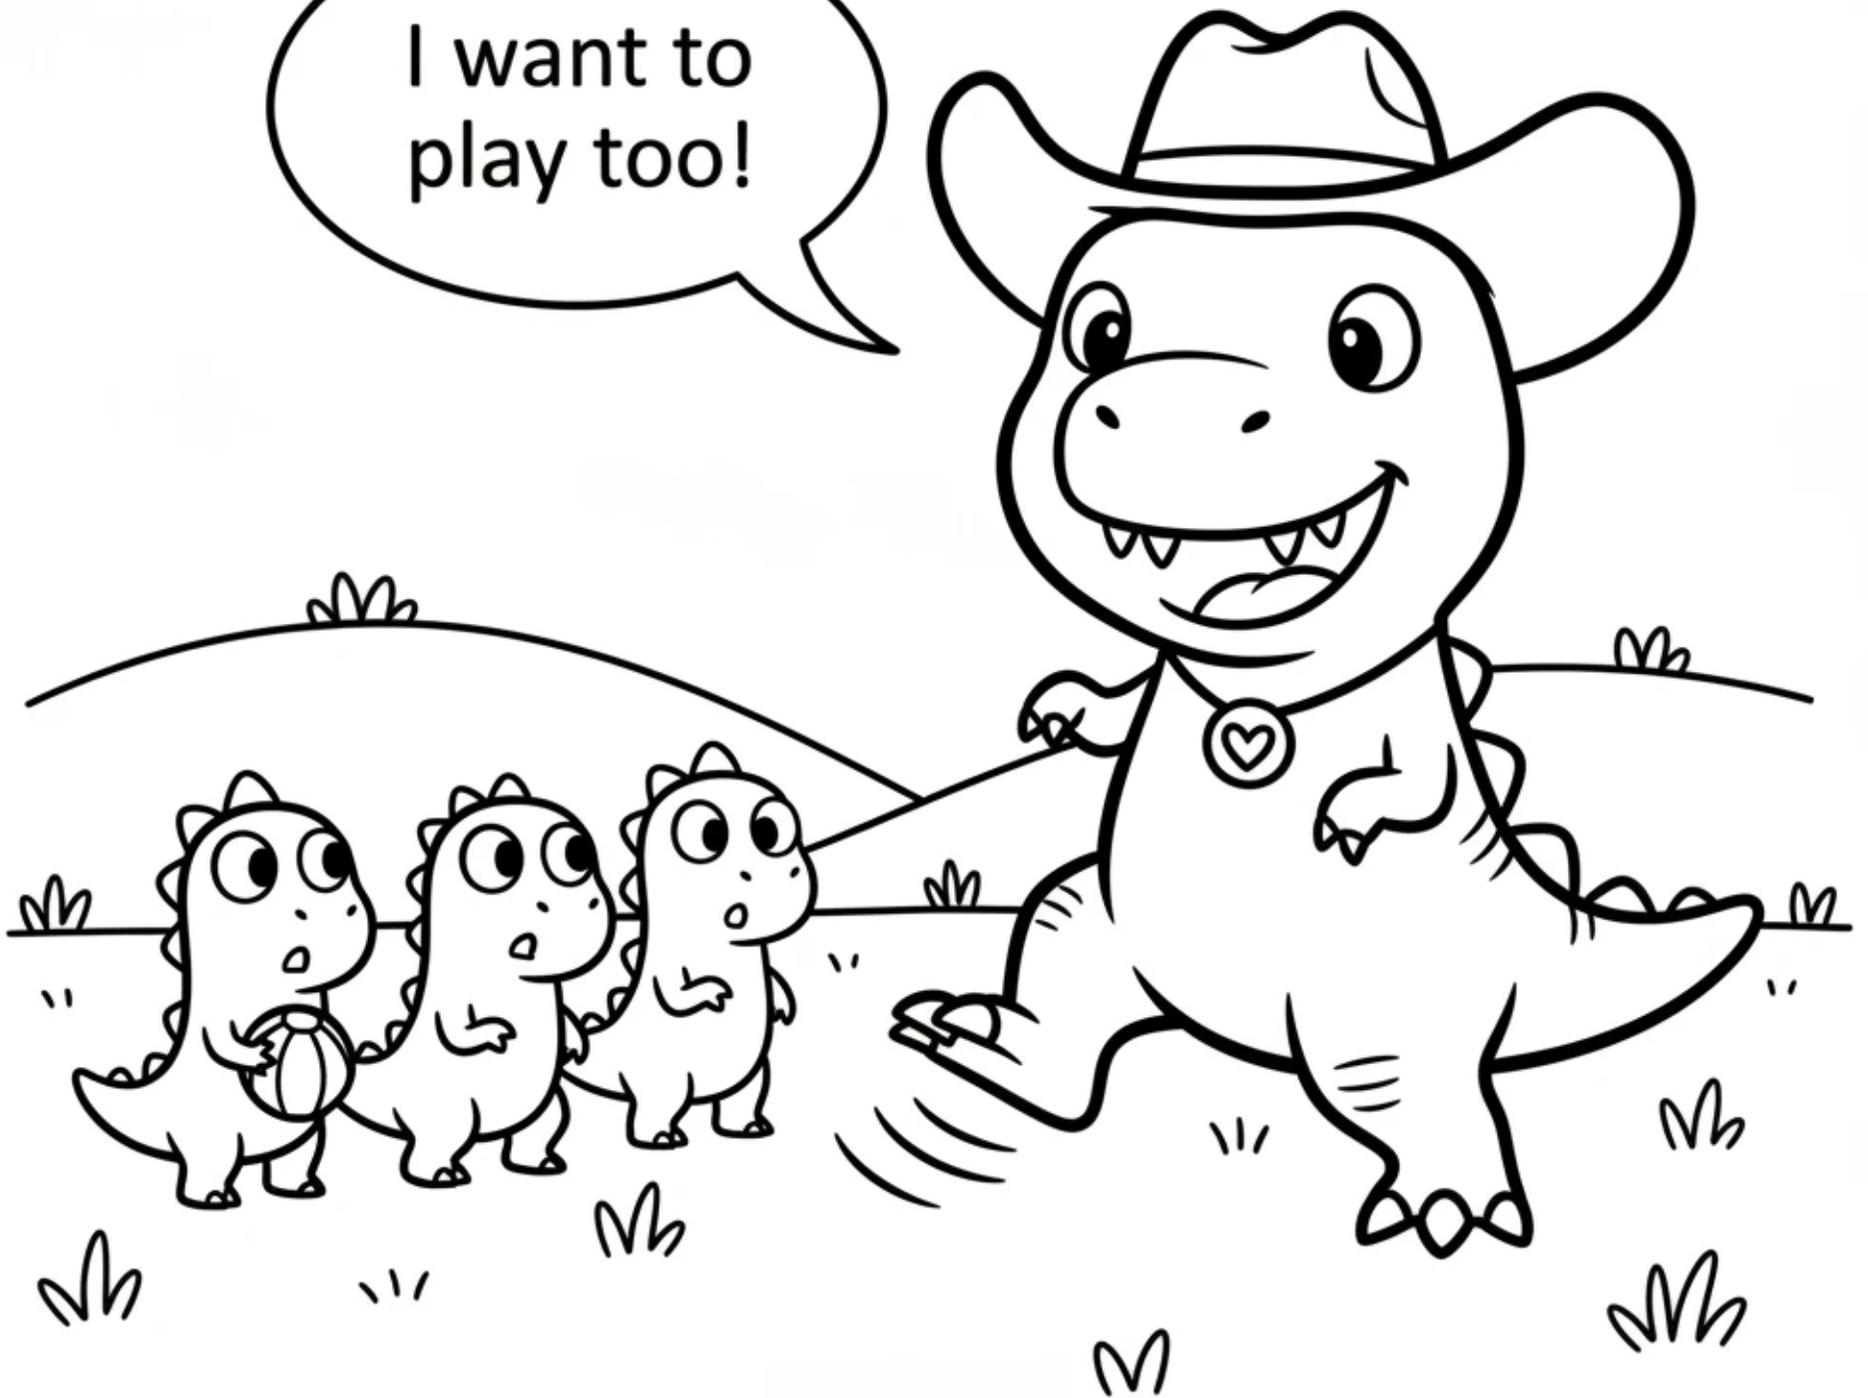

**They look  
fun!**

**Whee! Catch  
the berry!**

Roscoe takes a careful step closer.

I want to  
play too!

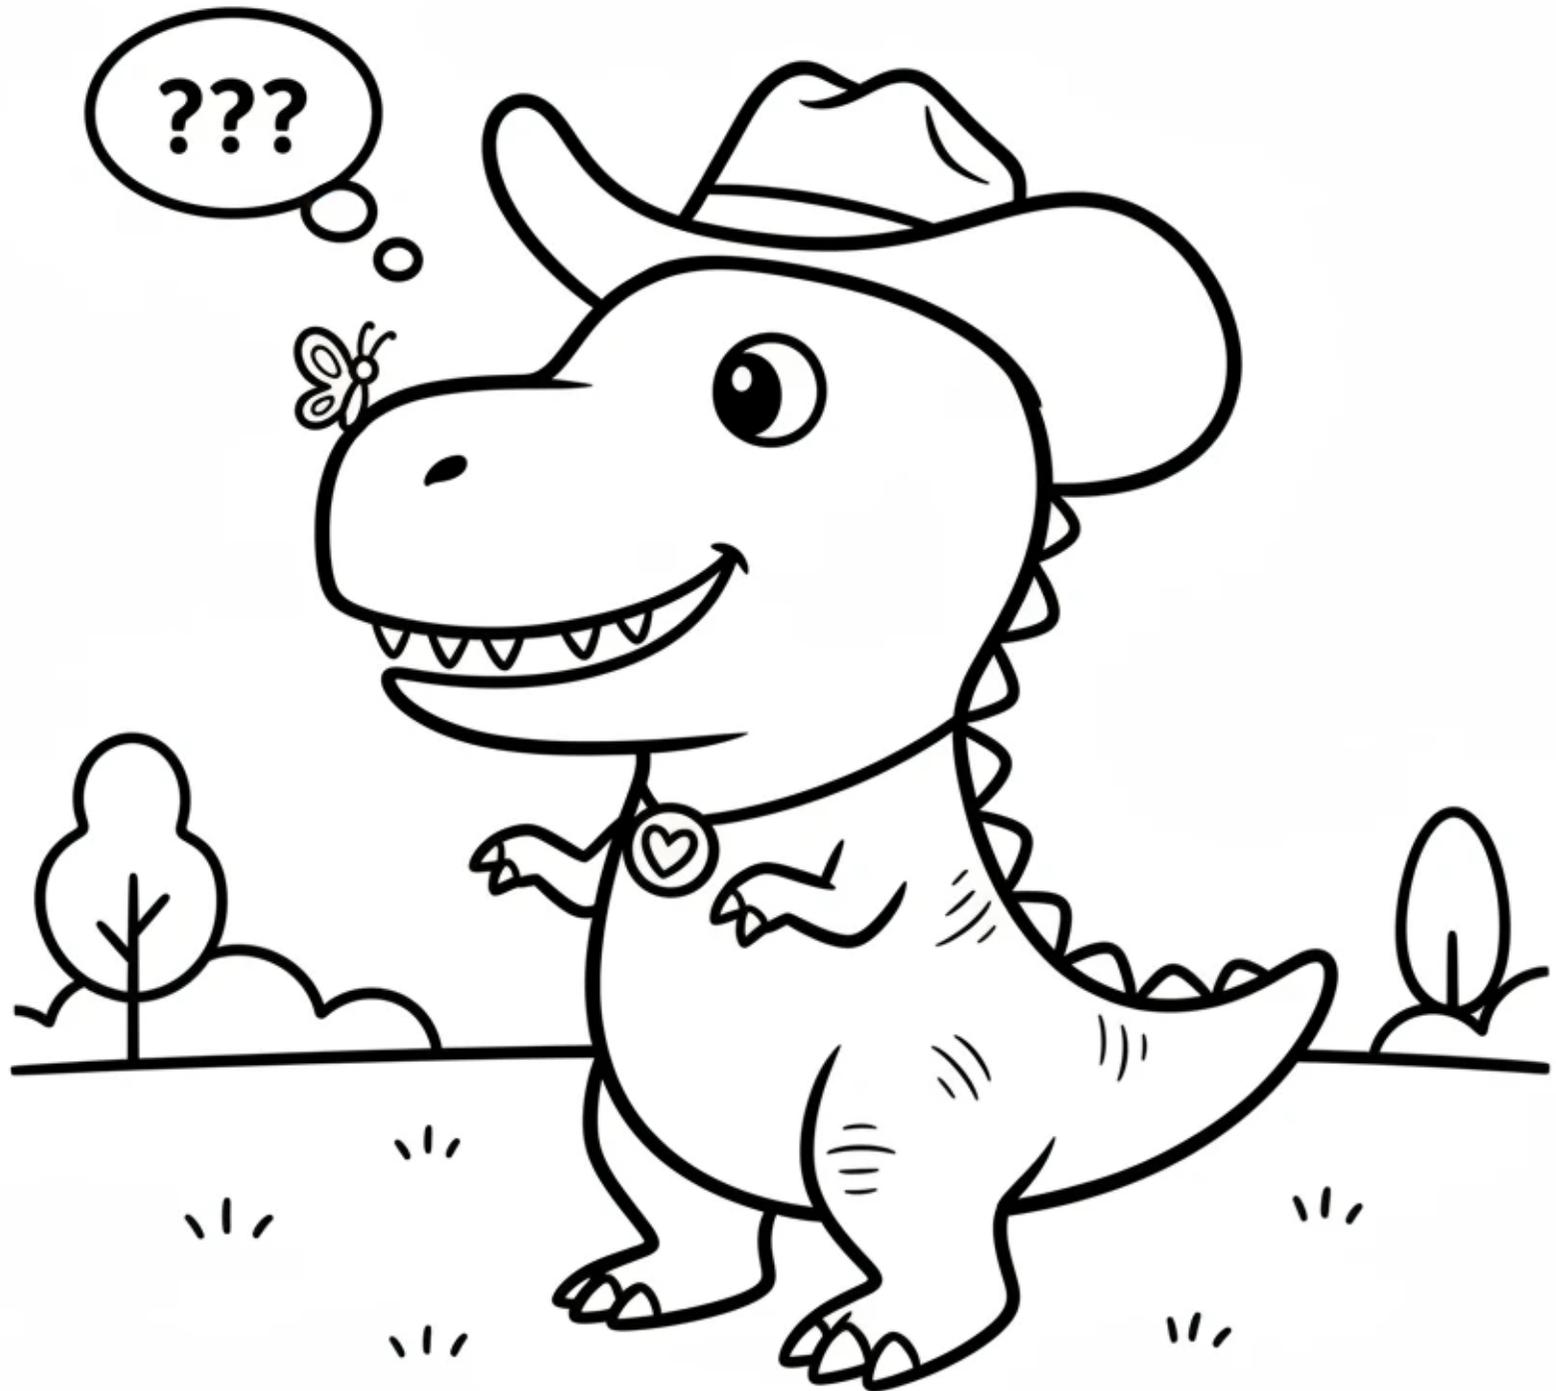

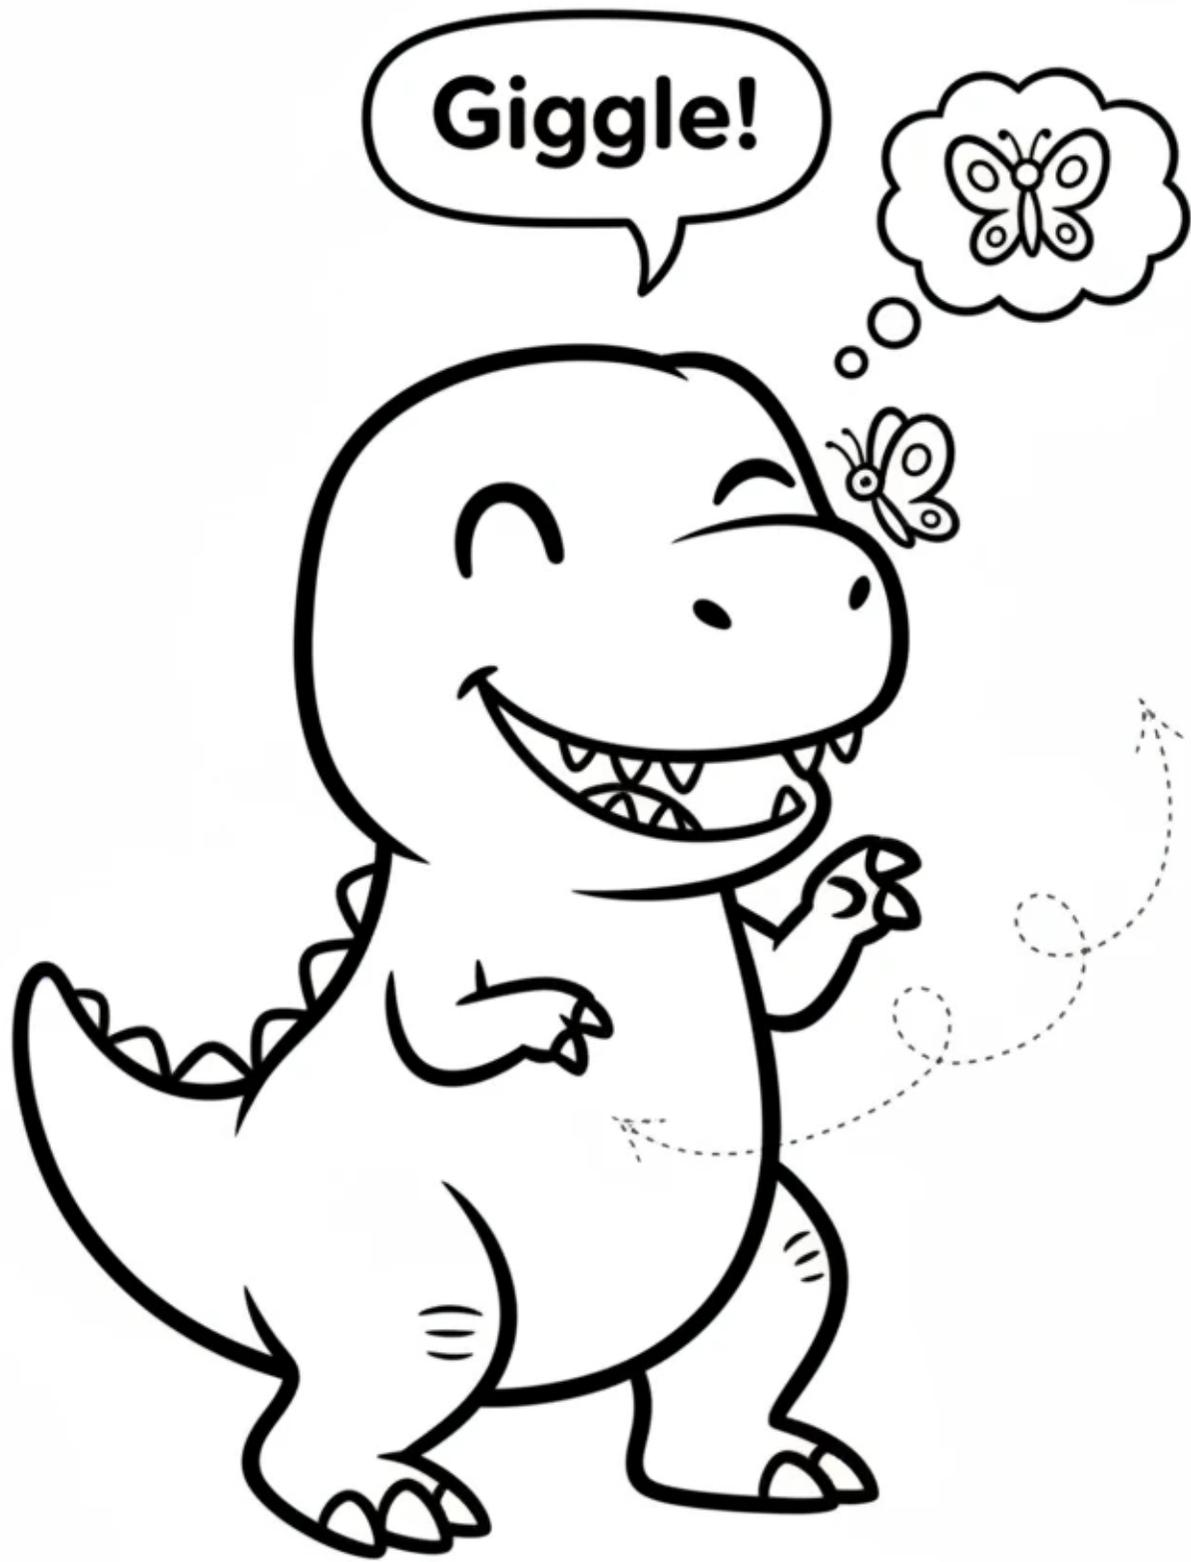

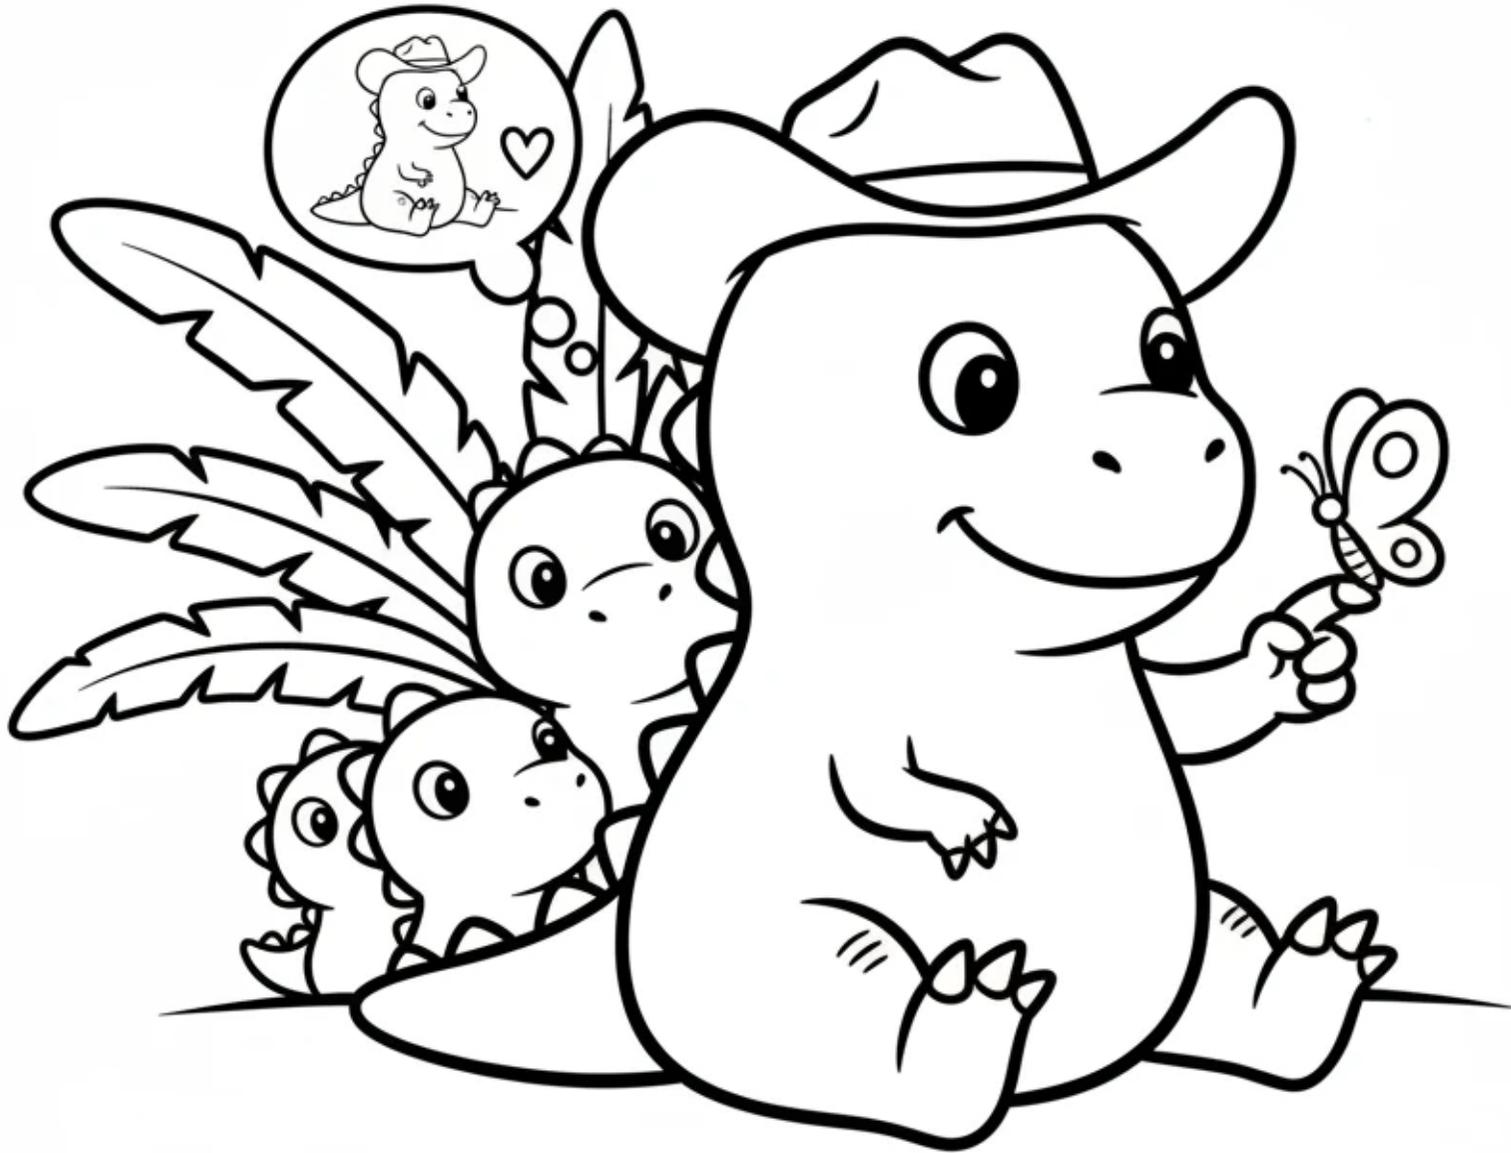

Rosco felt sad. He didn't mean to scare them.

**Suddenly, a tiny BUTTERFLY!**

It landed gently on his nose!  
Roscoo didn't want to scare it away...

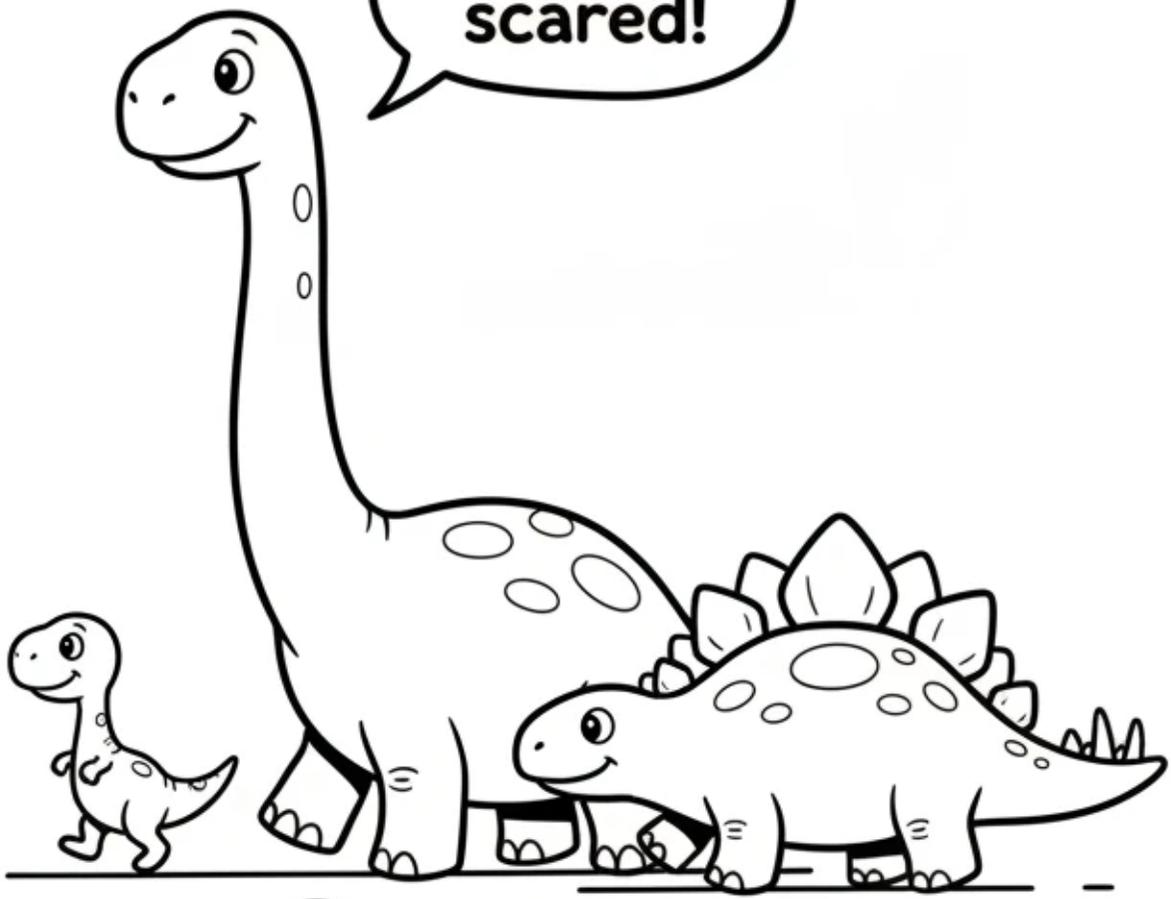

From behind the fern, the small dinosaurs peek out. They watch Roscoe playing so gently with the tiny butterfly. They see his kind eyes and his soft smile.

Huh? They're coming closer!

No more scared!

Everyone played together!  
Roscoe found new friends.
