

## Roxy and the Magical Rib Cage Tee

Clifford Jackson

Roxy stared sadly at her dull, plain white t-shirt, wishing for a spark of creativity and colorful self-expression.

Rummaging in her magical craft closet, she discovered a forgotten, vintage black t-shirt with a glowing, sparkling pink stylized rib cage print.

When Roxy pulled the soft, worn shirt over her head, a strange warmth and musical tingle instantly filled her small bedroom.

As she accidentally brushed her hand against her gray, textured bedroom wall, a shimmering pink rib cage doodle bloomed, pulsing with faint magical energy.

Roxy gasped in delight, realizing that simple touches from her fingers now bloomed into glowing, musical doodles and colorful punk rock symbols.

She skipped into the quiet town park, lightly tapping dull gray benches and old trees, leaving trails of bright pink, orange, and blue light art.

Soon, other neighborhood children gathered around Roxy, their eyes wide with wonder at her magical ability to paint glowing, swirling art with a simple touch.

Even the grumpy park gardener smiled as Roxy's touch instantly transformed a forgotten brick wall into a magnificent, blossoming pink rose vine.

Standing in the center of the playground, now illuminated by countless glowing, musical light drawings, Roxy realized that true art was simply sharing her sparkle with others.

That night, Roxy drifted to sleep while wearing her beloved pink rib cage tee, dreaming of a whole world painted bright and joyful, filled with glowing, musical doodles.
