

The Happy Classroom Heroes

Rashmi Dua

Golden morning sunlight streams through the wide windows of a cheerful kindergarten classroom. The vibrant room opens its friendly animated eyes and smiles warmly at the start of a brand new day.

As the children gather near the circle rug, the classroom softly asks if its little friends will help keep their shared learning space neat and joyful today. All the children cheer together, eager to become helpers.

Walking across the colorful mat, Tashi spots a discarded chocolate wrapper lying crumpled on the wooden floor. He kneels down with a helpful smile and gently picks up the trash.

Tashi drops the wrapper right into the waiting dustbin, which sparkles with delight. The floor shines brightly as the dustbin beams with gratitude at its thoughtful little friend.

Nearby, Meera notices several bright water bottles scattered sideways on the carpet after snack time. She knows every object deserves a proper home and steps forward to organize them.

One by one, Meera aligns each colorful bottle neatly in its row on the sturdy bottle rack. The rack glistens with magical sparkles as order is beautifully restored.

Over in the quiet reading corner, Kabir notices a messy pile of storybooks scattered across the cozy cushions. He walks over with gentle hands, ready to care for his favorite stories.

Kabir carefully gathers the picture books and stacks them neatly on the wooden shelf. The resting books gleam softly under the light, cozy and safe in their proper places.

When playtime ends, building blocks lie scattered across the rug, but Riya calls her friends together to tidy up. Laughing joyfully, the children work as a team, filling the big woven basket until the play area sparkles.

Standing hand in hand in their bright, immaculate, and beaming classroom, the four friends celebrate their success. Together, they proudly promise to remain Clean Classroom Heroes every single day.
