**Pip trotted gently into the
quiet forest.**

Soon, Pip heard a soft gurgling sound.

The water sparkled!

**“Carefully, Pip found a wide, sturdily leaf.
Pip used the leaf to scoop up some up
of the cool, clear water.”**

Scene 7 of 10

Holding the leaf steady in a tiny hoof, Pip slowly walked back through the forest path.

Pip was careful not to spill a single drop.

The little flower was waiting.

Pip watched with hopeful eyes.

A few drops of water trickled onto the dry soil around the flower's roots.

Slowly, magically, the little flower began to perk up!
