

# Willy and Timmy Clean Up Adventure

RODELYN OCAY BATALUNA

Willy and Timmy stand in a bright playground filled with pastel claw machines and a colorful slide. They wave happily at the viewer with big smiles and friendly eyes. Hi friends! Can you say hello to Willy and Timmy?

Timmy runs toward a see-saw but accidentally steps on a small blue toy van. He slips and falls onto the soft grass while Willy looks on with a concerned expression. Willy asks, "Timmy, what happened?" and Timmy points to the toys scattered everywhere.

Willy helps Timmy stand up and points to the messy ground filled with toys like a teddy bear and an umbrella. Willy tells the audience that it is not safe to play with toys on the floor and suggests they clean up. Can you help us pick up the toys?

Willy picks up the blue toy van and holds it out for the audience to see. He asks, "It's a van! Which box should it go in?" while pointing to boxes labeled Tt, Uu, Vv, and Ww. After a pause, they cheer as Timmy realizes that Vv is for van.

Next, Willy finds a soft brown teddy bear lying near the see-saw and picks it up. He looks at the audience and asks which letter box the teddy bear belongs in. After waiting for an answer, they happily place the teddy into the basket labeled with a big Tt.

Timmy reaches for a bright purple umbrella that was lying near the pastel claw machines. He asks the friends at home to help him find the box that starts with the same letter as umbrella. They celebrate together as the umbrella goes into the box marked Uu.

Willy spots a shiny toy watch on the ground and picks it up to show everyone. He asks the audience if they know which letter box is the right home for the watch. With a big smile, they place the watch into the Ww basket, and the playground looks much better.

All the toys are now neatly tucked away in their specific labeled boxes. Willy and Timmy jump up and down with joy while colorful musical notes and stars fill the air. Willy exclaims, "Great job, everyone!" to celebrate their successful cleanup.

Timmy runs toward the slide safely now that the path is clear of toys. He gives a big thumbs up and tells the audience that it is finally safe to play again. The sun shines brightly over the clean and organized playground.

Willy and Timmy play together on the seesaw, laughing and enjoying their tidy playground. They look at the camera one last time to lead a final cheer. Can you say: Clean up, clean up!
