

Shasmitra and Bhairava's Big Day

Mitra's Creations

Shasmitra wakes up early. Bhairava, her furry friend, wags his tail excitedly, ready for the day to begin!

First, Shasmitra carefully feeds Bhairava his breakfast. He gobbles it down with happy barks and tail wags.

After breakfast, it's time for a walk! Shasmitra grabs Bhairava's leash, and they run to the park together.

At the park, Shasmitra throws a bright red ball. Bhairava chases after it, leaping and bounding through the grass.

Bhairava loves to play fetch! He brings the ball back to Shasmitra, ready for another exciting throw.

After their playful run, Bhairava is covered in mud! Shasmitra gently washes him with warm water and soap.

Shasmitra carefully brushes Bhairava's fur until it shines. He looks so clean and happy!

Now it's time to relax. Shasmitra reads a story to Bhairava, who snuggles close, listening attentively.

As the sun sets, Shasmitra and Bhairava cuddle together. They are the best of friends, always there for each other.

Finally, it's bedtime. Shasmitra tucks Bhairava into his cozy bed. They both drift off to sleep, dreaming of another fun-filled day.
