

Sam and the Red Ball

Rohan Karthik

Sam is a cat. He is very small and has soft, fluffy fur. He sits on the green grass under the warm sun.

Sam looks around the garden with his big, bright eyes. He can see a ball resting near a flower.

Sam is very excited to find a new toy. I see a ball! says Sam as he reaches out his paw.

The ball is bright red and very round. It looks perfect for a game of chase in the backyard.

Suddenly, a friendly dog walks onto the grass. A dog is here to see what Sam is doing.

The dog wags his tail and looks at Sam happily. I am here! says the dog with a friendly woof.

Sam and the dog look at the red ball together. They both want to have some fun in the sun.

Sam and the dog can play with the ball.
They start to run and jump across the soft lawn.

The two new friends chase the red ball all around the garden. We can play! they say together.

The sun begins to set at the end of a happy afternoon. Sam smiles and says, I like the day.
