

Leo's Sunny Farm Day

Alexis Chloe

Leo arrives at the big green farm gate, holding his mother's hand while his father pushes the stroller. The sun is shining brightly in the blue sky, and everything looks new and exciting.

A big cow walks over to the fence, looking right at Leo with gentle eyes. Leo reaches out his small hand to wave hello to the cow, who says moo.

A group of fluffy white sheep are munching on green grass nearby. Leo giggles as he watches them wiggle their tails and listen to their soft baa sounds.

Near the small pond, a mother duck leads her little ducklings across the water. They make a funny quack sound that makes Leo clap his hands with joy.

Leo sits in the soft, tickly green grass and touches the earth with his fingers. He feels the warm breeze on his cheeks while his parents smile down at him.

A shiny red tractor sits in the middle of the field, looking very big and strong. Leo points at the giant wheels, amazed by the bright color and size of the machine.

In the orchard, Leo helps his father reach for a juicy red apple hanging low on a tree. He holds the smooth fruit in his hands, feeling its round shape and cool skin.

The family sits on a soft blanket under a shady tree to share a yummy snack together. Leo enjoys a piece of apple while watching the birds fly high above them.

As the sun starts to set, Leo waves a sleepy goodbye to all his new animal friends. The farm is quiet now, and the animals are getting ready to sleep.

Leo is tucked snugly into his stroller, feeling tired and happy after his big day. He closes his eyes, dreaming of the friendly cows and the bright red tractor as they head home.
