

The Sunny Garden Friends

J LF

The sun peeps over the garden fence, waking up the colorful flowers. Pink tulips and yellow daisies stretch their petals wide to greet the warm spring morning.

Lucy the Ladybug wakes up on a soft green leaf. She stretches her tiny legs and counts the beautiful black spots on her shiny red back.

Barnaby the Bee flies by with a cheerful buzz. He lands on a bright yellow tulip to collect sweet nectar and wave hello to the morning sun.

Bella the Butterfly flutters her large, blue wings gracefully. She dances through the air, landing softly on a cluster of sweet-smelling purple lilacs.

The three friends meet in the middle of a big white daisy. They wiggle their antennae at each other and decide to spend the whole day playing together.

It is time for a game of hide-and-seek among the tall, swaying grass. Lucy hides perfectly under a fallen red flower petal while her friends look for her.

Barnaby finds a patch of sweet white clover and invites his friends over for a rest. They sit together in the warm sun, enjoying the fresh scents of the garden.

A gentle spring rain begins to pitter-patter softly on the leaves. The three friends huddle together under the cap of a big, spotted mushroom to stay dry and cozy.

When the rain stops, a magnificent rainbow stretches across the bright blue sky. Lucy, Barnaby, and Bella dance for joy in the fresh, clean garden air.

As the golden sun begins to set, the garden grows quiet and sleepy. The three best friends cuddle up on a soft mossy bed, dreaming of their next big adventure.
