

# THE CREATIVE JUNGLE ADVENTURE

STARRING LEO THE LION & ELLIE THE ELEPHANT

My Jungle Animal Coloring Book

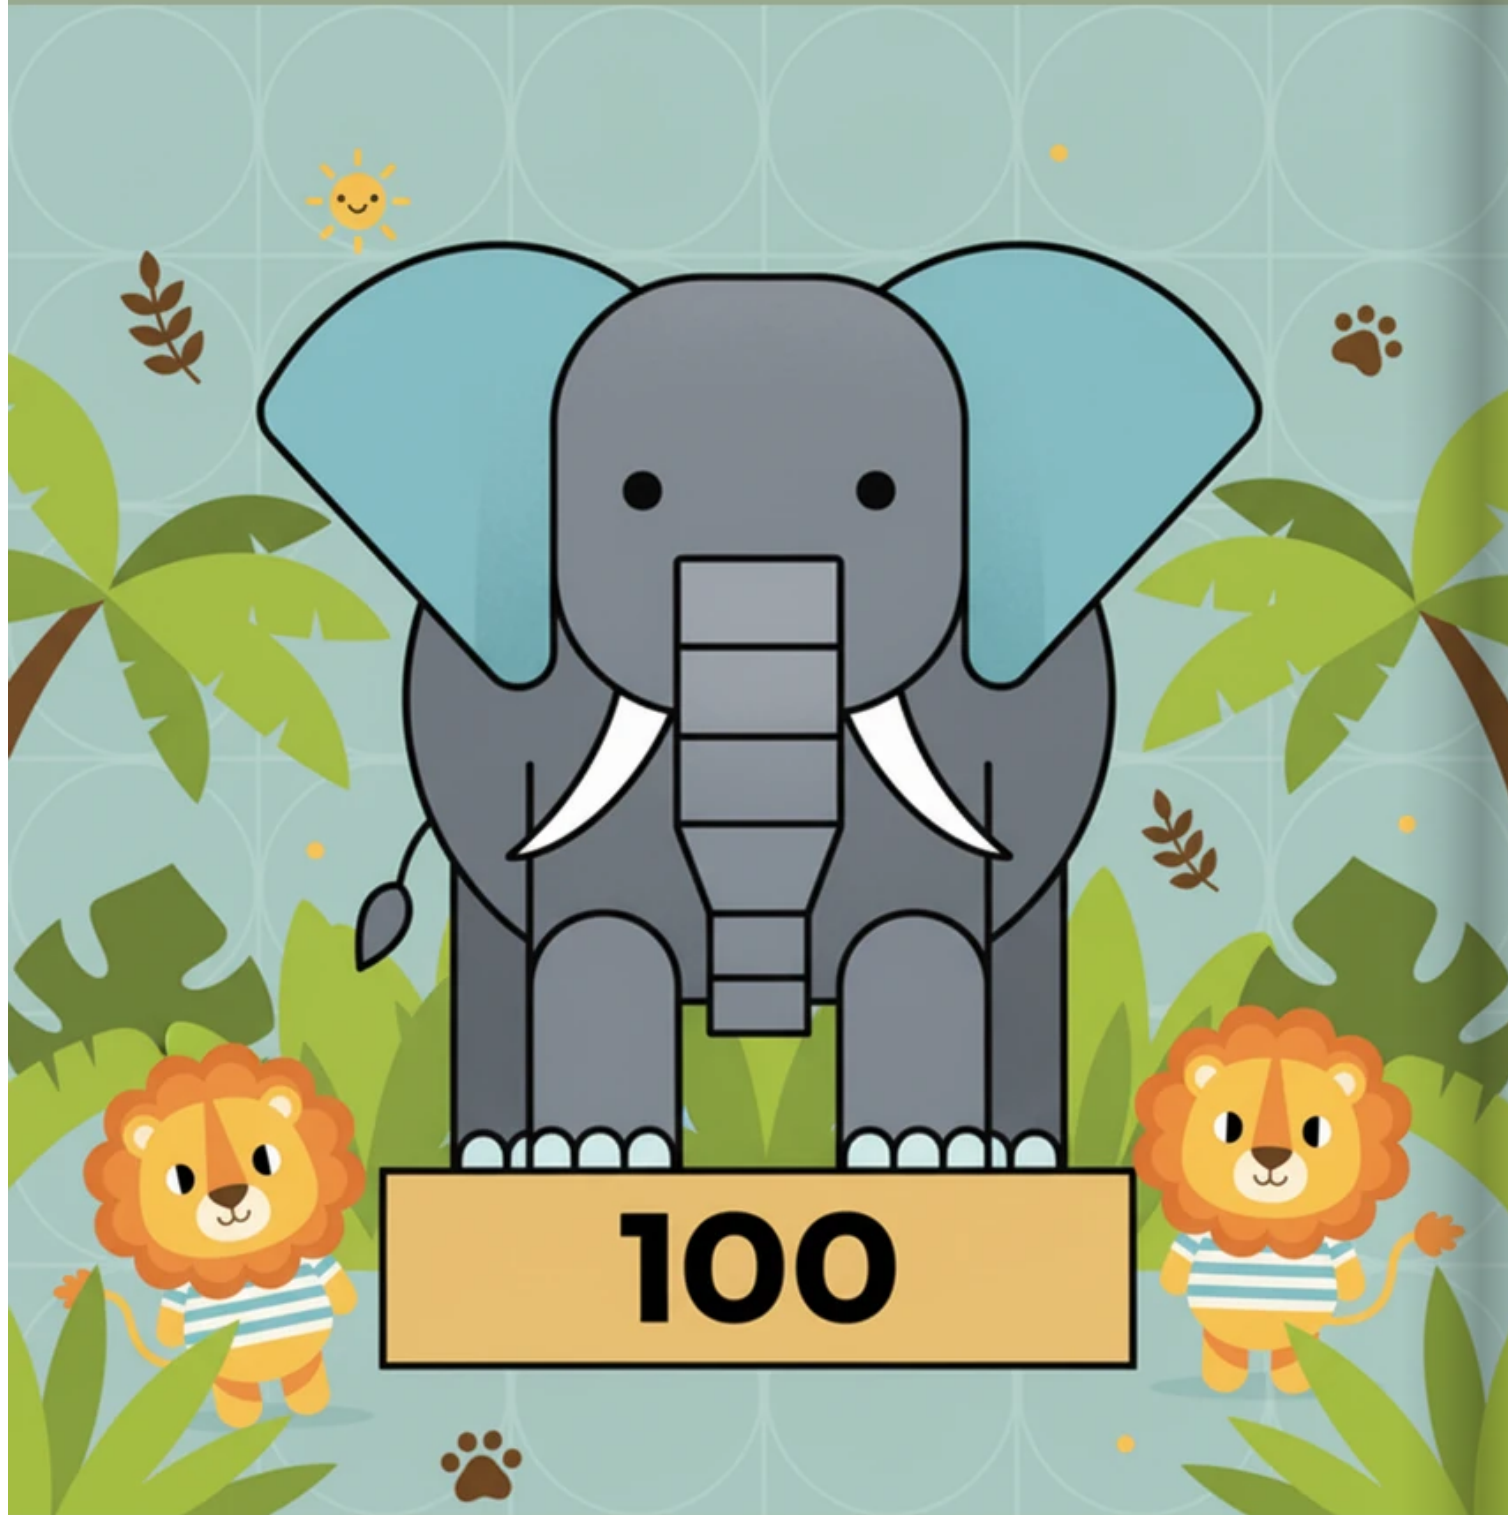

Mahak Rao

The cover page features a friendly lion named Leo waving hello, surrounded by large tropical leaves and the bold title My Jungle Animal Coloring Book. The art is simple black-and-white line art with thick outlines and plenty of white space for coloring.

A majestic Lion stands proudly on a rock in the middle of the jungle surrounded by tall grass. Below the image, the name Lion is written in large block letters with the fun fact that lions live in family groups called prides.

A large Elephant with big ears and a long trunk stands next to a small watering hole surrounded by palm trees and rocks. The name Elephant is printed clearly at the bottom with the fact that they use their trunks to breathe, smell, and drink water.

A playful Monkey swings from a thick vine while a bright Parrot sits on a branch with large jungle leaves. The names Monkey and Parrot are shown with the fun fact that parrots can mimic many different sounds including human voices.

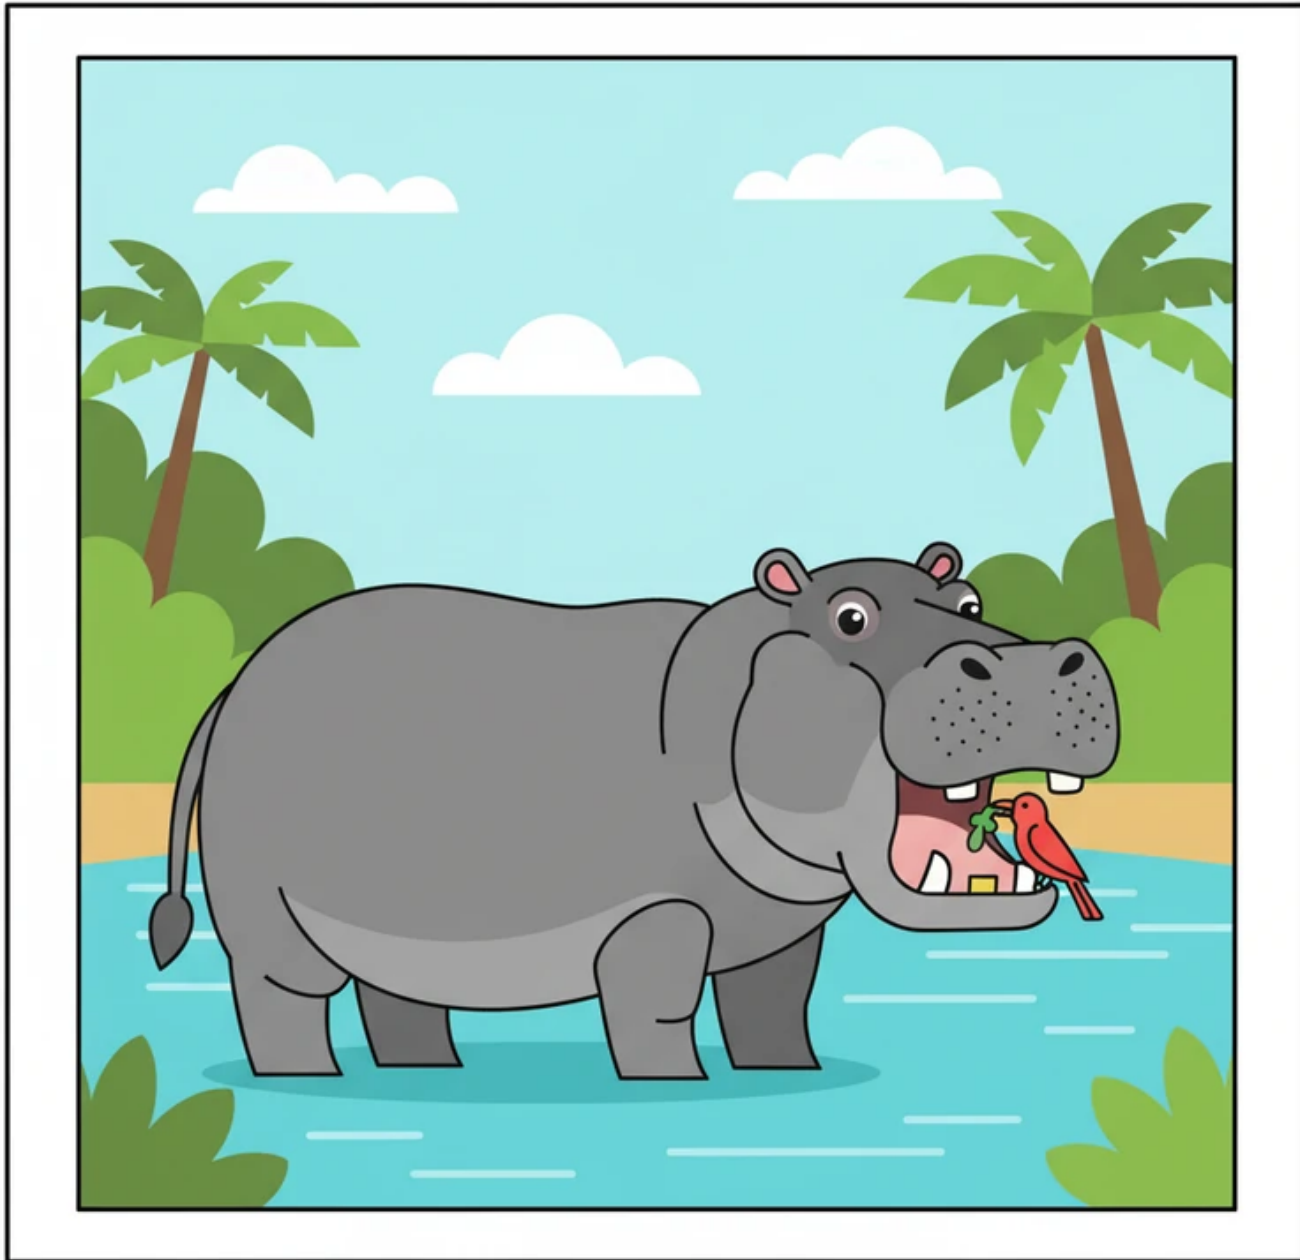

THE TALL REACH

A tall Giraffe reaches its long neck toward the top of a leafy tree under a simple sun and fluffy clouds. The name Giraffe is written below with the fun fact that a giraffe's neck is too short to reach the ground, so it has to spread its legs to drink.

# CELEBRATION!

A Zebra stands in a field of tall grass, its bold stripes waiting to be filled in with color. The name Zebra is featured with the fact that every zebra has a unique pattern of stripes, just like a human fingerprint.

A Crocodile peeks out from the river waves while a large Hippo stands on the sandy bank nearby. The names Crocodile and Hippo are included with the fun fact that hippos can spend up to sixteen hours a day submerged in water to stay cool.

A powerful Tiger walks through thick jungle ferns while a spotted Leopard watches from a high tree branch. The names Tiger and Leopard are listed with the fact that tigers are the biggest species of cat in the entire world.

A strong Rhino stands near a pile of jungle rocks while a long Snake slithers through the grass at its feet. The names Rhino and Snake are printed with the fact that snakes don't have eyelids and never blink their eyes.

The final page shows a festive jungle scene with the words **Great Job Coloring** written in large, bubbly letters. A small bird flies overhead, and the background is filled with simple stars and flowers to celebrate the artist's completed work.
