

BARNABY

The Bear Cub's Magical Journey

Barnaby's Sparkling Smile Adventure

Shenouda Girgis

Barnaby the Bear stands on his little wooden stool in front of the bathroom mirror, ready for his favorite nighttime routine. The moon shines softly through the window as he prepares for a bubbly adventure.

He reaches for his bright blue toothbrush and his favorite strawberry-flavored toothpaste. Barnaby knows that having the right tools makes the job much more fun and exciting.

Barnaby carefully squeezes a tiny, pea-sized drop of toothpaste onto the bristles of his brush. He smiles at the little pink dollop, knowing that a small amount is just enough for a big clean.

He starts by brushing the front of his teeth, moving the brush back and forth like a little train on a track. Choo-choo go the bubbles as they start to grow and cover his teeth in white foam.

Now Barnaby moves the brush to the sides, making tiny circles like little wheels turning. He makes sure to reach all the way to the corners where the day's snacks like to hide.

It is time to open wide like a roaring lion to reach the very back teeth. Barnaby brushes the flat tops of his molars to make sure every surface is squeaky clean and smooth.

Barnaby sticks out his tongue and gives it a gentle little scrub with his toothbrush. It feels a bit ticklish and makes him giggle, but he knows it helps keep his breath smelling fresh and sweet.

He takes a small sip of cool water from his favorite yellow cup and swishes it all around his mouth. With a big sploosh, he spits the bubbles into the sink and watches them swirl down the drain.

Barnaby grabs his soft, fluffy towel and gently pats his face dry. He looks into the mirror and sees his teeth shining brightly like tiny white pearls under the bathroom light.

With a wide, sparkling grin, Barnaby is finally ready for bed. He gives a happy wave to his reflection, proud of his healthy habits and his beautiful, clean smile.
