

Lina's Big Eid Surprise

SZ

Lina stands in front of her mirror, wearing a beautiful new green dress for Eid. Her light brown hair is tied back, and her big blue eyes sparkle as she practices a perfect handstand to celebrate the morning.

In the kitchen, the house smells like sweet honey and warm bread. Lina does a happy cartwheel across the floor while her mother prepares delicious treats for the big Eid party.

Lina looks out the window and sees her new neighbor, a boy named Sam. He looks a bit sad and lonely sitting on his porch, and Lina wonders if he has anyone to celebrate the holiday with.

She decides to make a special 'Joy Box' to surprise Sam. She jumps and flips around her room, gathering colorful ribbons, shiny stickers, and her favorite yummy dates to share.

Lina needs a golden star from the very top of a tall bookshelf. She uses her gymnastics balance to stand on her tiptoes and reach high up, wobbling just a little bit like a funny penguin.

Suddenly, her playful cat jumps into the gift box and gets covered in sparkly silver glitter. Lina laughs out loud as the cat sneezes a tiny cloud of sparkles into the air.

Lina finishes the box and decorates it with drawings of bright stars and a smiling moon. She realizes that thinking about Sam's happiness makes her feel even more excited than her own presents.

She walks over to Sam's house and performs a cheerful somersault right onto his front lawn. Sam looks up and smiles for the very first time, surprised by his energetic and bouncy visitor.

Lina hands him the 'Joy Box' and tells him that Eid is a time for sharing love and being kind to everyone. Sam's eyes light up with joy, and he thanks her for being such a good friend.
