

# Jack and Lucy on the Titanic

Mu Ryan

Young Jack, a spirited boy with a love for adventure, dreams of sailing on the grandest ship ever built, the Titanic. He spends his days sketching ships and imagining faraway lands.

Lucy, a kind girl traveling with her family, feels overwhelmed by the opulence of first class. She longs for a simpler life and the freedom to explore.

Fate brings Jack and Lucy together on deck. They bond over their shared curiosity and a desire to escape the rigid social norms of the time.

Jack shows Lucy his drawings, and they imagine adventures together. They explore the ship, discovering hidden corners and sharing stories.

They dance in the steerage, surrounded by music and laughter. For a brief moment, social classes disappear, and they are simply two friends enjoying life.

As the ship sails smoothly, Jack and Lucy share their dreams for the future, promising to stay in touch no matter what happens.

Suddenly, a chilling tremor runs through the ship. Panic begins to spread as the passengers realize something is terribly wrong.

Jack and Lucy bravely navigate the chaos, helping others find their way to the lifeboats. They show courage and compassion in the face of danger.

As the ship begins to sink, Jack helps Lucy into a lifeboat, promising to find her again. They exchange a heartfelt goodbye, filled with hope amidst the tragedy.

In the aftermath, Lucy never forgets Jack and their shared adventure. She cherishes the memory of their friendship and carries his spirit of adventure with her always.
