

# Snowdrop and the Seven Little Friends

Mu Ryan

Thank you!

A queen with a crown and a purple and black gown with a white ermine-like trim stands in a dark, ornate room. She is pointing her right hand towards a large, oval mirror with a thick, braided wooden frame. The mirror's surface is glowing with a green and yellow swirling pattern, suggesting a magical or otherworldly reflection. The room features dark stone pillars and a tiled floor.

wall, who is a the  
fares of them all?

This new Queen possessed a  
magical mirror

**ARE THE FAIREST  
OF THEM ALL.**

**For years, the mirror  
always replied...**

Her kindness shone through,  
making her trully radiant.

Queen, you are lovely,  
its true, but Snowdrop  
is a thousand times  
farrier than you.

SHE IS MORE  
BEAUTIFUL?

TAKE HER DEEP INTO  
THE FOREST! AND NEVER  
BRING HER BACK!

RUN, little princess, RUN as far you can and never return!

I'm lost...

Oh, look! A cozy little home!

So sleepy, but must tidy!

Zz...

A girl! And she's  
she's sleeping in  
in OUR beds!

Now, my pretty Snowdrop!

“Just one bite,  
dearie!”

My love... you're  
awake!
