

Miroslava and Snejka's Space Adventures

by Laysan Salimova

Miroslava loved her cat, Snejka. Snejka was fluffy and white. One day, Miroslava found a spaceship in her backyard! It was small and purple.

Miroslava and Snejka got into the spaceship. They put on their space helmets. Then, the spaceship went up, up, up into the sky!

Their first stop was Planet Zorp. Zorp was made of candy! There were gummy bears and lollipop trees. Snejka loved the candy planet.

Next, they traveled to Planet Floof. Everything on Planet Floof was soft and fuzzy. Miroslava and Snejka played in the clouds.

After Floof, they visited Planet Bling. It was a shiny planet with sparkling rocks. They found a treasure chest filled with star dust.

Finally, it was time to go home. Miroslava and Snejka landed their spaceship. They were tired but happy. They knew they would have more adventures!
