

My Friends and Family

by Фариза Игиликова

My name is Fariza, and this is my family!
We live in a cozy home filled with love. My
mom, dad, and brother make me so happy.

My mom is the best cook, and she loves to read! My dad enjoys playing football and driving us around. We love spending time together.

My brother, Dani, loves to draw and play games. He's so much fun! We laugh and play together all the time.

My best friend is Dana! We study together and we have so much fun. We share secrets and dreams together.

On weekends, we all go to the park! We play games, eat ice cream, and take photos under the sun. It's the best time ever!

I'm so lucky to have such a kind family and such wonderful friends! They make my life so bright, and I love them all so much.
